PETITION TO ACCEPT UNINTENTIONAL DELAY
OF PRIORITY CLAIM UNDER 37 CFR 1.55

Commissioner for Patents:

The applicants hereby request that the priority claim of European Patent Application No. 97204152.9, filed on December 31, 1997, be accepted for this patent application. The entire delay between the date the claim was due and the date of filing of this petition was unintentional. Applicants are following the procedures current at the time of filing of the application, namely submitting a Supplemental Application Data Sheet (ADS) with the claim to priority. This should be sufficient to make the claim to priority according to patent office rules. A certified copy of the foreign priority document was submitted in parent application number 09/839,028 and receipt was acknowledged by Examiner Parviz Hassanzadeh in a Supplemental Notice of Allowance dated November 12, 2003. The Declaration filed with this application also contains the priority claim.

Enclosed is the required surcharge as indicated in 37 CFR 1.17(t).

Respectfully submitted,
